Symbiotic Echoes - Exhibition at PoMoArts

Date and Time: Friday, October 3 10:30 am - 9:00 pm

Symbiotic Echoes brings together four distinct exhibitions by Ilze Bebris and Robin Ripley, Dave Mutnjakovic, James Pocock, and Artem Struyanskiy. Across different gallery spaces, each artist explores the crucial balance between humanity and the environment, the need for interconnectedness, resilience, and active engagement in response to the crises of our time. From challenging societal systems to envisioning ecological harmony, the artists invite viewers to reflect on a path towards a future of symbiosis and restoration.

Dave Mutnjakovic – *No More Hiding* / Canadian Pacific Gallery

This exhibition traces a decade-long artistic journey of personal healing, set against the backdrop of ecological crisis, social collapse, and spiritual fragmentation. In *No More Hiding*, Dave Mutnjakovic's illustrations confront grief, trauma, and the resilience of the human spirit, exploring healing as a symbiotic process and how tending to one's inner self directly influences the outer environment.

Ilze Bebris and Robin Ripley – *A Conversation* / Ann Kitching Gallery

In this collaborative bricolage-based installation, Ilze Bebris and Robin Ripley engage in a visual call and response through collage and assemblage. Unfolding as a shared language within the gallery, *A Conversation* forms a symbiotic dialogue, inviting viewers to reflect on our relationship with everyday objects, where the physical discards of contemporary urban life reveal both conflict with the natural world and the potential for renewed connection and meaning.

James Pocock - *No One Ever Asked* / Beedie Living Gallery

In a series of street photographs, James Pocock documents everyday encounters, revealing the dissonance between human systems and the natural world. *No One Ever Asked* captures fleeting moments with elements of irony, juxtaposing signs of privilege and control with glimpses of nature and human vulnerability. By confronting these imbalances, Pocock invites reflection on how we can move towards the Symbiocene, a future era defined by interconnectedness with the environments we inhabit.

Artem Struyanskiy – *Fuzzy Identities* / Appleyard Parlour

Fuzzy Identities presents paintings by Artem Struyanskiy exploring symbiosis as a condition of cont

emporary vision, where human perception, memory, and representation are becoming increasingly inseparable from machines. Overlaying mystic symbolism with portraits of figures whose visual identities are contested, Struyanskiy uses AI image-diffusion and facial recognition aesthetics to further blur, crop, and abstract the images. The resulting depictions reflect on identity in an era shaped by reciprocal influence between humans and machines.

Crafting Connections: A Card Making Workshop

Date and Time: Saturday, October 4 1:00 pm - 4:00 pm

Keep in Touch is POMO Museum's latest exhibition exploring the history and evolution of communication. Humans have long sent messages to one another, whether by clay tablet or text message. One way or another, we like to connect.

Personalized handwritten letters are a great way to keep in touch. At POMO Museum, we are hosting a card making workshop to assist you in making the most creative and intimate cards for your loved ones. With the holidays soon approaching, you will find yourself in need of a card or two (or three or four). So, why not make it a little special?

Join us at POMO Museum for this exciting event and leave your mark on the history of communication!

Kyle Centre Redevelopment Open House #1

Date and Time: Saturday, October 4 1:30 pm - 3:30 pm

The City of Port Moody is planning for the redevelopment of the Kyle Centre area, and the first step is a conceptual design for a new 30,000-square-foot community centre. Pending future funding, this new space would replace the existing Kyle Centre (125 Kyle Street). The design will also include a new plaza and an expanded park.

Through October 19, 2025, we're gathering input to inform decision-making on the types of spaces to be included in the proposed community centre, and how those spaces will be used. We want to hear from you about activities and experiences you would like to see offered at the proposed new community centre. Join us at an open house and/or visit [Engage Port Moody](#), our online public engagement hub, to learn more and share your thoughts with us.

Drop in to review information boards, ask questions, and share your thoughts with City staff and consultants. No registration required.

Shore Birding for Beginners

Date and Time: Saturday, October 18 9:30 am - 11:00 am

Ever see a bird and wonder “what kind of bird is that?” Do you ever think to yourself “I should get into birding” Well now is your chance! This 1.5 hour long session is going to focus on shorebirds with a fantastic vantage point from the new boardwalk, as well as some binocular basics and identification features for the shorebirds we meet. Meeting at the Tennis Court Picnic tables behind the Rec Centre, we will make our way to the boardwalk and setup a spotting scope to get up close and personal with shorebirds and other migratory species that are using the mudflats. We will be going rain or shine so please dress appropriately! Please bring your own binoculars if you have them, there will also be a handout of birds around the inlet for your reference! For noise and space considerations, this is a no pets and no strollers event. Sorry for any inconvenience. To register please go through Recreation's Perfect Mind under educational events, click on the website in the contact section for a link.

The Dancing Okami Lady Kaga (レディ加賀)

Date and Time: Thursday, October 23 6:30 pm

The Dancing Okami

Lady Kaga (レディ加賀)

Traditional Japanese hospitality meets modern dance

When her childhood dreams of becoming a tap dancer are dashed, Yuka decides to return to her hometown of Kaga and follow her mother's footsteps of becoming an *okami*, or the traditional manager of a Japanese inn. However, Yuka's new career path proves to be more challenging than it seems: her clumsiness makes the various training exercises difficult, and with Kaga Onsen facing a financial crisis, the pressure's on to attract visitors to the area. In a last-ditch effort to save the town, Yuka devises a plan to choreograph a dance and perform with her fellow budding *okami* at the local charity event. With no tap dancing experience amongst the group and time running out, can the dancing *okami* put on a show to remember?

Inspired by Kaga's real-life tourism campaign, *The Dancing Okami* was brought to life with the cooperation of the town's local community and tourism association. Directed by Toshiro Saiga, this heartwarming musical comedy chronicles the protagonist's inspiring journey to success, with the beautiful scenery of the Kaga Onsen region as its stage (© 2025 Japanese Film Festival)
